

## **WORK PROGRAM**

### **Guidelines**

As a student you are eligible to work off a portion of your trip by working at the church doing miscellaneous tasks. The youth scholarship fund will pay for your hours worked as a credit towards your next trip or event.

This program was established in order to give another resource, aside from fundraising and scholarships, to gain money towards a trip.

It's our desire that all students be able to participate in our functions without "financial need" preventing them from attending. The Work Program was created because of generous donations made by families in our community and in our church.

### **Specific Details:**

- If you're applying for a Scholarship, Work Program is mandatory.
- You don't have to apply for a Scholarship to participate in Work Program.
- You will earn \$10/hour, with a maximum of 5 hours allowed per trip.
- To complete Work Program please email your Youth Pastor to setup a time to come to Church and work.
- You may participate in the Work Program once per trip or event.

## **WORK PROGRAM Completion Form**

Please complete and submit this “Completion Form” to our youth offices in order to have your trip balance credited.
